STUDENT INVOLVEMENT:

YOUR INTERESTS, HOBBIES, SPECIALTIES

Student Nurses Association- Treasurer

As a student, I am deeply interested in advancing my knowledge in nursing, particularly in areas like patient care, healthcare technology, and evidence-based practices. Outside of my studies, I enjoy volunteering in healthcare settings to gain hands-on experience and give back to the community. I also have a passion for fitness, which helps me maintain balance and manage stress. My hobbies include reading medical journals, exploring new healthcare innovations, and spending time with family and friends. I'm especially interested in specializing Oncology as I am passionate about making a meaningful impact in that area.

Providing this information will give alumni an immediate connection with you if they were involved in the same organization.

Share as much as you can in this answer. Alumni will be able to get a sense of who you are outside of the classroom.

## Work/Internship Experience

COMPANY/ORGANIZATION NAME

POSITION TITLE

BRIEFLY DESCRIBE THIS POSITION

American Society of Clinical Oncology

Summer Intern

Assists in providing care and support to cancer patients under the supervision of experienced oncology nurses and healthcare providers. This role involves learning about cancer treatments, including chemotherapy, radiation therapy, and symptom management, while assisting with patient assessments, care coordination, and emotional support. The intern participates in patient education, helping patients understand their treatment plans and side effects, and documents patient progress in electronic health records. The Oncology Intern also collaborates with multidisciplinary teams to enhance patient care and gain hands-on experience in oncology nursing, preparing for a future career in this specialized field.

This is a great opportunity to share more about your day-to-day responsibilities. We often see that job titles don't give a full scope of professional roles.

WHAT ARE 1-2 OUTCOME(S) YOU ARE HOPING TO ACHIEVE WHEN MEETING WITH AN ALUMNUS?

When meeting with an alumnus, I hope to gain valuable insights into their career journey, particularly how they navigated challenges and found success in the healthcare field. Additionally, I aim to receive guidance on how to maximize my current education and prepare for the next steps in my career, whether that involves advice on specialized areas of practice or tips for transitioning from student to professional.

We recommend using this as an opportunity to share your “why“. Why do you want to participate in the Chamberlain Chats? This is also a great opportunity to share what a successful chat would look like for you. What are you hoping to walk away with after meeting with an alumnus/a?
